- c. Precincts for fire protection (Suggest \$250 to each).

5. To raise and appropriate money for care of the cemeteries (Suggest increase to \$400).

6. To raise and appropriate money for Memorial Day.

7. To raise and appropriate money for the use of the town libraries (Suggest continued \$300 appropriation).

8. To raise and appropriate money for defraying the expenses of the town health department, as follows:

- a. General expenses (Suggest \$200).
- b. District Nurse (Estimate \$1,800).

9. To raise and appropriate money for taking care of the poor, including old age assistance and soldiers' aid (Estimate \$3,500).

10. To see if the town will vote to raise and appropriate the sum of \$100 for the Dartmouth-Lake Sunapee Region.

11. To see if the town will vote to raise and appropriate the sum of \$100 for the observance of Old Home Day.

12. To see if the town will vote to raise and appropriate the sum of \$1,265, to be added to the Capital Reserve Fund.

13. To see if the town will vote to have the town accounts audited by the Division of Municipal Accounting and to raise and appropriate the sum of \$100 for this purpose.

14. To see if the town will vote to raise and appropriate the sum of \$400 for the control of White Pine Blister Rust.

15. To see if the town will authorize the selectmen to borrow money in anticipation of taxes.

16. To see if the town wishes to take any action regarding snow removal from private driveways.

17. To see if the town will vote to make subject to gates and bars that section of the Perkins road (so-called) on Kearsarge Mt. between the residence of the late John Roeder, south and west for a distance of about three-fourths of a mile to the junction of this road with the road leading to Kearsarge Mountain.

18. To see if the town will vote to authorize the tax collector to appoint a deputy collector who may receive taxes in his absence.

19. To see if the town wishes to continue the town planning committee in its present or other form, and if so to elect a member for the ensuing year.

20. To see if the town will vote to select an interim committee to explore the possibilities of preparing and printing an up to date supplement to the Andover Town History.

21. To see if the town will vote to adopt the Non-Partisan Ballot System for the election of officers in future town meetings.

22. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 8th day of February in the year of our Lord nineteen hundred and forty-seven.

HENRY W. PILLSBURY,

RALPH G. CHAFFEE,

FRANCIS D. LORDEN,

Selectmen of Andover.

Selectmen's Summary and Recommendations

Looking back over 1946 one outstanding noticeable feature is the large number of new faces in our community. Perhaps never in the history of the town have so many changes in home ownership occurred within a short time as those in the fall of 1945 and the spring of 1946. As of April 1st the Register of Deeds had reported over ninety bona fide real estate transfers, many of them to newcomers from other sections.

We urge these new citizens to meet with us at the town meeting and to join in the discussion of common problems.

Valuations. In line with similar action over the state your selectmen-assessors raised the valuations on most classes of home property last April an average of ten per cent, bringing them a little nearer in balance with current values and holding the rising town tax rate to \$36.00.

A few comparisons of 1945 and 1946 inventory figures are of interest in pointing out the trends and prospects for 1947.

	1945	1946		Change
Total Inventory,	\$1,305,100.00	\$1,373,035.00	up	\$67,925.00
Lands and Buildings,	708,410.00	776,475.00	up	68,065.00
Growing Timber,	64,850.00	49,165.00	down	15,685.00
Sawed Lumber,	32,380.00	42,165.00	up	9,970.00
Exempt to Veterans,	23,145.00	38,575.00	up	15,430.00
Appropriations,	49,799.63	53,431.72	up	3,632.09
Town Tax Rate,	33.00	36.00	up	3.00

The above items are the ones in which the most change occurs. The others, such as livestock, show only small fluctuations from year to year. As the above table shows, most of the increase in total inventory was represented by the ten per cent raise in real estate assessments.

In 1947 the value of both growing wood and timber and sawed lumber will decrease still further. This will be a permanent loss, as our taxable timber is about gone. With little new construction going on to boost up real estate, the total valuation of the town will be less in 1947.

On the other hand veteran exemptions will be greater and town and school appropriations probably higher. All three factors are unfavorable to keeping the tax rate down where we would like it. Higher income from motor vehicle registrations and other sources will help out, but not enough to maintain a balance.

For the first time a complete list of individual property assessments is being printed in the back of this town report, as of April 1, 1946. We feel that if property owners have an opportunity to compare their own valuations with those of other property, any items which are out of balance with the rest will be called to the attention of the assessors for correction. We would like your opinion whether this list should be printed perhaps once in five years.

Town Government. The \$3,600 raised in 1946 for defraying town charges was insufficient to meet expenditures of \$4,389.40, but your selectmen succeeded in selling enough tax title property to bring the account almost into balance. The town hall was shingled, new front steps built, and the main doors changed to open outward in accordance with law. The East Andover Library was given a much needed double coat of paint. No major repairs are scheduled for 1947. An appropriation of \$3,200 should meet town charges, including insurance falling due next December.

More use is being made of the Town Hall than for a long time. We feel that the town should again add another \$1,265 to the Capital Reserve Fund if possible, so that money will be available to remodel the building with a new heating system when the time comes that this may be done at reasonable cost.

Town Highways. Asphalt instead of tar was used entirely on roads in 1946, for both new work and surface treatments. This gives a harder, longer wearing surface. In the long run asphalt should enable the town to extend its blacktop road system farther and faster on the same yearly appropriations.

Rainy weather and uncertain asphalt delivery made the work cost more last summer, but 12,600 gallons were eventually applied. Dyers Road was given a new two-coat surface.

The Marston Hill road was graded and a light gravel coat added. The Hall road on Beech Hill was widened and graded with a bulldozer, and some gravel applied. Both roads need more gravel for a finished job. With these exceptions the rest of summer road work was minor repair and maintenance over the town. We still have many miles of road in a condition that leaves much to be desired, to mention Flaghole district, Tucker Mountain, Kearsarge Mountain and Shaw Hill routes among others.

There have been many requests from users for a blacktop surface on the Plains road. As this cut-off carries more traffic than any other unsurfaced road in town we feel that this should be done at first opportunity.

Bridge repair has been a big item of expense. Suitable bridge flooring has been hard to get, and the Morey bridge near Dyers Crossing has been closed off for several months awaiting delivery of plank. More bridge repair will come up in 1947. Your selectmen have applied for State Bridge Aid for a new structure over Sucker Brook near Dyers School, where one abutment at least must be replaced. The state's estimate is expected to be ready for discussion and action at town meeting.

Article 17 in the warrant calls for making subject to gates and bars a seldom used road leading past the old Perkins place, until recently occupied by Dimond Littlefield. The buildings are now gone. Favorable action on this article will relieve the town of maintenance and liability on the stretch of road and the bridge over the brook.

Street Lighting. The town has now completed its agreement with the Public Service Company and the residents of Flaghole district to pay for six street lights for a period of five years. This was done on petition to help get electricity into the area without excessive cost. The continuance of this service, at a cost of \$108 per year, can now be discussed on its own merits under Article 3 (f).

The White Mountain Power Co. has approached the selectmen on keeping the village street lights burning all night at a small additional cost. They were invited to submit their proposition to the town meeting.

Cemeteries. For the first time since the war started it has been possible to do a little more in caring for our town cemeteries. Mr. Raymond Brown has put in a great deal of time, especially in the Lakeside Cemetery near East Andover, with results that speak for themselves. We recommend a 1947 appropriation of \$400, part of which will be used for the purchase of a power lawn mower to speed up the work.

Health Department. The town has been without a district nurse throughout all of 1946, and the nurse's car held in dead storage until such time as needed. As this report is written a new nurse has been tentatively hired by the committee to begin work on March 1st.

As the school board had no funds to cover the health inspections required in the schools, a task ordinarily performed by the town nurse, \$200 was turned over to them for this purpose.

Health department funds were also used to hire a bulldozer to clean up the dump on Andover Plains. The accumulated refuse was pushed well back and burned out as far as possible. There is now a wide center road through the dump with plenty of room for dumping rubbish on the sides. We ask your cooperation in keeping all refuse well back from the drive, so that there may be dumping space for a long time. The State Highway Department is cooperating in keeping the dump plowed out in winter. We hope with your assistance that this area need no longer be quite the discredit to the town and its people that it has in the past.

Article 8 has been divided into two sections, suggesting one appropriation of \$200 to cover such general items as policing dumps, vital statistics, insurance, etc., and another for such amount as may be decided upon for hiring a district nurse.

Fire Protection. Loss of property by fire was almost negligible in 1946, with one small brush fire and the usual chimney fires. The customary \$250 for emergencies seems again indicated, with the same \$250 allotments to the two precincts for repair and upkeep of equipment.

East Andover has added a new portable pump and 800 feet of hose to its fire apparatus; Andover has also purchased more hose.

Old Home Day. By joint action of Blackwater and Highland Lake Granges an Old Home Day Association was formed and the day observed with a dance at the town hall and a picnic at Munroe's Grove. The committee plans for a bigger and better observance in 1947, and requests that \$100 be again appropriated for the purpose.

Town Poor. Following a wartime decline of several years in poor relief costs, an upward swing seems indicated for 1947. Old Age Assistance has been slowly increasing from the start, due to new cases added and to higher cost of living. This trend will continue. Twenty-one cases now receive Old Age Assistance. Direct relief is also on the increase. \$3,500 will be the minimum required for 1947.

Planning Committee. The Planning Committee set up on a trial basis by the 1946 town meeting has so far limited its work to a few general discussion meetings on town and school matters, for two reasons. Members of the committee have been too busy during the year to get together often, and building conditions have been so uncertain and unfavorable that any accurate estimates of costs are impossible to obtain.

We believe the continuance of such a planning group is well worth while, with such changes in personnel and composition of the committee as the meeting may desire. The present members of the Planning Committee, as set up in 1946, are:

Henry W. Pillsbury	}	Selectmen (1 vote)
Ralph G. Chaffee		
Francis D. Lorden		

Paul J. Fenton	}	School Board (1 vote)
Ruth J. Stone		
John Dargie		

Albert C. Cochran, elected by town
Charles F. Jones, by Andover precinct
Edward H. Murray, by East Andover precinct
George H. Corson, by Blackwater Grange
Charles H. Putney, by Highland Lake Grange

Town History. It has been over forty years since our Andover Town History was published. Many think this should be brought up to date. Considerable additional material was prepared by Mrs. Marcia Hilton before her death, which is now on file with the State Historical Society at Concord. Article 20 proposes to start the ball rolling with an investigating committee to explore the possibilities of preparing and printing a supplement.

Election of Town Officers. Article 21 provides for an expression of public sentiment on the question of adopting the Non-Partisan Ballot System, as provided in Chapters 34 and 35 of the Revised Laws, for the election of town officers.

Briefly, under this system, candidates for office would file their names with the town clerk at least eight days before town meeting. An official town ballot would then be printed, listing all candidates for each office, with a space for write-ins. The voter would mark his ballot, in a voting booth if desired, electing all officers on one ballot. One or two hours (or as long as the town desires) would be set aside for voting at the opening of town meeting, after which the polls would be closed, the votes counted, and the regular business of the warrant continued as usual. A plurality would elect.

This system has much to recommend it over our present method of electing officers, and it is not as complicated as the so-called Australian ballot. Many towns use it and like it. The only added expense over our present method would be printing of the ballots.

Budget. The budget for 1947, which follows the warrant in this report, calls for increases in town appropriations of \$986.47, and in school appropriations of \$6,179.30, or a total of \$7,165.67 more than in 1946. Not included in the school budget are the extra appropriations proposed in School Warrant articles 9, 10 and 13, which would add another \$1,800.

From the standpoint of local taxation alone, and presupposing the same total valuation and veteran exemptions as in 1946, this points to a 1947 tax rate of well over \$40.00.

Bills have been presented in the legislature which would relieve the towns of part of their present high education costs, which are becoming more of a burden than real estate taxation can continue to bear. We are told that some measure of relief will be forthcoming.

Our state and local educational problem is a tremendous one, and we can only hope that the General Court may find some solution.

The old U. S. Hame Co. plant has been completely remodelled by the new owner, Mr. Walter L. Locke, who hopes to start a new chemical industry in town when conditions permit.

According to "Yankee" Magazine, New Hampshire has 76 covered bridges still standing, two of which are in Andover.

REPORT OF VICTOR E. PHELPS FOREST FIRE WARDEN

Thanks to the cooperation of the townspeople and plenty of rainfall when it was most needed last spring, the losses from forest fires in 1946 were negligible. One fire near Potter Place burned over about one-half acre of brush land.

The financial report for the year is as follows:

Potter Place fire payroll,	\$79.20
New fire tools (9 knapsack pumps, 6 axes, 12 pails),	57.25
Expenses of deputy wardens attending New- port fire warden school,	20.65
Warden's expenses,	12.55
	<hr/>
	\$169.65
Refunded by State of New Hampshire,	45.08
	<hr/>
Net cost,	\$124.57

A total of 88 fire permits were issued during the year. The law provides that permits for all outside burning MUST be obtained from the Fire Warden at all times when the ground is not covered with snow.

We appreciate the help of the Proctor Academy fire-fighting unit at the Potter Place fire.

The new portable Hale pump purchased by the East Andover Fire Precinct should be a valuable aid in fighting future forest fires where water is available.

Your continued support and cooperation in 1947 will be appreciated.

VICTOR E. PHELPS,
Forest Fire Warden.

REPORT OF ANDOVER TOWN LIBRARIES

The library committee reports a successful year, with an increase in both adult and child readers.

Thirty-six new books have been purchased for adults, and from the Clay fund twenty-four books for young people. With gifts of books and magazines from a number of people, and with a generous supply from the Bookmobile, the readers have had a good selection.

The Andover library is very fortunate in again securing the services of Mrs. Ethel Thayer as librarian.

At the East Andover library books were given by Mrs. Gertrude Cargill, Mrs. Jay Emery, Mrs. S. J. Matson and Mrs. Donald G. Matson. Our weekly circulation has averaged sixty-seven books.

If any patron of either library is in need of a special book at any time the local librarian will gladly try to obtain the loan of it.

**DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION**

Concord, New Hampshire

January 17, 1947

Board of Selectmen
Andover, New Hampshire
Gentlemen:

Submitted herewith is the report of an audit and examination of the accounts of the Town of Andover for the fiscal year ended December 31, 1946, which was made by this Division in accordance with the vote of the town. Exhibits as hereafter listed are included as part of the report.

Scope of Audit

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Road Agent, Trustees of Trust Funds, Library Trustees and Library Treasurer.

Financial Statements

Comparative Balance Sheets

December 31, 1945-December 31, 1946: (Exh. A)

Comparative Balance Sheets as of December 31, 1945 and December 31, 1946, are presented in Exhibit A. As indicated therein the Surplus increased from \$3,277.66 to \$5,413.45 during the year.

Comparative Statements of Appropriations & Expenditures—Estimated & Actual Revenues: (Exh. B & C)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1946, are presented in Exhibits B and C. As indicated by the budget summary a net excess of actual over estimated revenues of \$2,196.97, plus a net unexpended balance of appropriations of \$41.44, resulted in a net budget surplus of \$2,238.41.

Reconciliation of Change in Financial Condition:

(Exhibit D)

The factors which effected the change in the financial condition of the town during the year were as follows:

Surplus—December 31, 1946	\$5,413.45	
Surplus -December 31, 1945	3,277.79	
	<hr/>	
Net Increase in Surplus		\$2,135.66

Analysis of Change

Increases of Surplus

Net Budget Surplus	\$2,238.41	
Other Items,	72.02	
	<hr/>	
		\$2,310.43

Decreases in Surplus

Decrease in Accounts Receivable,	116.40	
	<hr/>	
		174.77
Net Increase in Surplus		\$2,135.66

Summary of Receipts and Expenditures

(Exhibit E)

A summary of receipts and expenditures for the fiscal year ended December 31, 1946, made up in accordance with the uniform classification of accounts is included in Exhibit E.

Audit Procedure

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Proof of the Treasurer's balance as of December 31, 1946, is indicated in Exhibit E.

Tax Accounts

The tax warrants for the levies of 1946, 1945, 1944 and 1943, and the tax sale accounts for the levies of 1945 and 1944 were examined. Summary statements indicating the activity in the tax warrant and tax sale accounts for the fiscal year ended December 31, 1946, are presented in Exhibits G, H, I, J, and K, respectively.

A statement of the special poll tax account for the levies of 1944 and 1945, is included in Exhibit L.

Town Clerk

The financial accounts and records of the Town Clerk were examined and audited. All funds received by the Town Clerk on account of the issuance of motor vehicle permits and dog licenses were properly accounted for through remittances to the Treasurer and fees retained. (Exhibit M)

Library Treasurer

The Library Treasurer's receipts and expenditures were checked and the balance on hand as of December 31, 1946 verified. (Exhibit N)

Trust Funds

Savings bank books representing the principal and unexpended income of the Cemetery and Library trust funds and the Capital Reserve fund were examined. Summarized statements of trust fund principal and income as of December 31, 1946, are included in Exhibits O and P.

Statistical Tables

Statements showing the Assets and Liabilities, Indebtedness, Valuation and Taxes during the last ten years are presented in Tables I, II and III.

General Comments

It was recommended that the Treasurer countersign the Selectmen's orders thereby converting the orders into negotiable checks. This will eliminate the necessity of the Treasurer issuing separate checks as has been the practice.

As a matter of convenience to taxpayers the Treasurer has been accepting tax payments. It is pointed out, however, that the Tax Collector is the only official who is by law authorized to collect taxes.

The use of the Collector's columnar loose leaf cash book was recommended. Its adoption would simplify the segregation of taxes collected and tax sales redeemed as well as interest thereon by years of tax levies.

Conclusion

The accounts and records of all town officials were found in good condition and the accounting procedure, with minor exceptions, conformed to the uniform system prescribed by this Division.

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report.

We extend our thanks to the officials of the Town of Andover for their assistance during the course of the audit.

Yours very truly,

Certificate of Audit

This is to certify that we have audited the accounts and records of the Town of Andover for the fiscal year ended December 31, 1946 and found them to be in good order. In our opinion the Exhibits included herewith reflect the true financial condition of the town, together with the results of operations for the period under review.

Respectfully submitted,

Selectmen's Comment on Audit

It will be noted that a difference of \$78.00 exists between the surplus of \$5,335.45 in the selectmen's financial statement and the \$5,413.45 given in the transmittal letter of the auditors.

After the selectmen's report had been balanced and the audit completed it became evident that an overpayment to the State had been made of special \$3.00 poll taxes collected on tax warrants of 1944 and 1945. From figures available in their Concord office the auditors calculated this to be \$72.00, exclusive of the \$6.00 carried as collected but due the State, or a total of \$78.00.

Your selectmen then made a complete check, and found the State had actually been overpaid and over-credited to the amount of \$90.00, less 1% deducted for costs of collection, or \$89.10. The State Treasurer has refunded this overpayment since January 1, 1947, and it will appear among receipts in the next town report.

As of December 31, 1946 then, the true surplus figure should be \$5,424.55, and the net increase in surplus \$2,146.89.

We appreciate the courtesy of the auditors in carrying out their work. Several recommended changes are being carried out, to bring town accounts more into line with the state uniform accounting system.

For reasons of economy the complete report of the auditors is not included in the Town Report. Its Exhibits "A" through "D", and Tables I, II and III, would require over thirty extra pages and add over \$100 to printing costs. These represent a detailed technical analysis of the year's business, differing only in the manner of presentation from that set forth in simpler form in the selectmen's financial reports.

Copies of the complete audit report are in the hands of the selectmen, town clerk, treasurer and tax collector, and may be examined by anyone interested.

It is our hope that the voters may again see fit to employ the services of the state auditors.

The nursing committee is glad to announce that a new District Nurse, Miss Helen D. Latulippe, will begin her duties March 1st.

We thank the citizens for their cooperation in the past and ask for its continuance.

To further the efficiency, and make the service more helpful, may we present the following suggestions:

(1) Please make calls as early as possible in the morning. The nurse will reside at Miss Idella Farum's at Andover. The telephone call is 38-23.

(2) Remember evening or night calls are to be made only in cases of emergency.

(3) The nurse's car is to be used only for medical purposes and school work; this to include trips to clinics, doctors and hospitals.

(4) Where patients are able to pay, the fees are as follows: ordinary visits, 50c; confinements, \$5.00; night duty, \$3.00; fees for out of town trips to cover cost of operating car.

(5) The nurse is off duty from Saturday noon until Monday morning, except in epidemics.

(6) Any questions or suggestions should be made to the nursing committee at its regular meetings the last Tuesday of every month.

School Board Commentary

This year the School Board has attempted to improve every school in town.

The new addition has been completed at the High School and is now being used. At the March School Meeting last year the district appropriated \$500 for the service of an architect. At the special School Meeting authority was given the Board to borrow \$9,000 thus giving us \$9,500 with which to work. At this writing all bills are not in but the total cost should not exceed \$9,100 thus leaving a balance of approximately \$400.

The Andover Center Grammar School has been painted inside, new window shades and storm windows purchased amounting to about \$200.

The East Andover School has had new toilets installed, the building has been insulated, and painted on the inside. \$2,000 was appropriated for this purpose and so far \$1,860.45 has been spent leaving a balance of \$139.55 in this fund.

The water has been condemned at the East Andover School and we badly need a supply of good water here. This explains why an article has been placed in the warrant asking for \$1200 for drilling an artesian well. After considering various possibilities it seemed to the School Board that an artesian well would be the best solution to the problem. The \$1200 is purely an estimate and it may cost more or less.

At Cilleyville the following has been done: The building has been shingled, a new stove installed, the interior painted, the doors changed so they now swing out, and a new blackboard installed. The cost of this has been some over \$200.00.

School costs have risen sharply in the last few years and it has been difficult to estimate from year to year just what costs were going to be. This is the reason for the \$2,000 deficiency appropriation. This deficit has been accumulating over a period of two or three years.

School costs are something to which every citizen should give careful thought because our problem is no different from many other towns. In the last five years our school costs have gone up several thousands of dollars whereas our per pupil cost has risen only about ten percent. In other words we have many more pupils to educate and it appears that the number will increase for some years to come.

More State Aid is probably one answer but we may need even more revenue than this.

Some of the things we must consider in the future are:

1. Repairing High School roof so as to prevent leakage due to ice.
2. Insulating the High School.
3. Refinishing High School ceilings.
4. Outside painting of all Grammar Schools.
5. Installing heating system at East Andover.
6. Centralizing our School Transportation.
7. Improvement of School grounds and playground equipment.

Contributions of \$147.74 to the Community Chest Drive were reported by Chairman Victor E. Phelps.

Schools will be closed on Armistice Day, Thanksgiving Day and the day after, and Memorial Day.

Attendance at the State Teachers' Convention is advised, and at the two Institutes, required. Days spent in attendance at the two Institutes and one day at the State Teachers' Convention will be considered as spent in the service of the District.

The morning session of the elementary schools will be from nine o'clock until twelve o'clock, and the afternoon session from one o'clock until four o'clock. Teachers should arrange their time table so that the formal work of the day is over at three-thirty, and use the remaining time until four o'clock for individual help.

Elementary teachers should arrive at the school building not later than eight-thirty in the morning, and in cold or inclement weather such pupils as wish should be allowed to enter at eight-thirty. A teacher should be on duty in each building during the noon hour.

No pupil is allowed to enter the first grade for the first time unless he will be six years old on the first day of March following the opening of school in September.
